(Mr. Charles Richardson, King William Grand Lodge, A.F. & A.M. and Mrs. Louise Dancy, Queen of Sheba Grand Chapter, O.E.S., Appellants)
(Board of Adjustment hearing held April 25, 1990)
(Transcript filed May 10, 1990)

The Board of Adjustment at its regular meeting held April 25, 1990, approved the application by 6 ayes and 1 nay.

An appeal in this matter was filed in the Office of the City Clerk on May 3, 1990, by Mr. Charles Richardson, King William Grand Lodge, A.F. & A.M., and Mrs. Louise Dancy, Queen of Sheba Grand Chapter, O.E.S.

The transcript in connection with this matter was received May 10, 1990, and each Member of the Council was furnished with a copy of the transcript and other parts of the record.

On May 14, 1990, the City Clerk notified the applicant, the appellant's attorney, the appellants and objectors that an appeal in this matter would be heard by the Municipal Council at their regular meeting June 6, 1990, at 1:00 P.M., in the Council Chamber, Second Floor, City Hall, Newark.

A meeting was held June 6, 1990, and the Municipal Council deferred action on the application.

On June 7, 1990, the City Clerk notified the applicant, the appellant's attorney, the appellants and objectors that an appeal in this matter would be heard by the Municipal Council at their regular meeting June 20, 1990, at 8:00 P.M., in the Council Chamber, Second Floor, City Hall, Newark.

July 11, 1990

A meeting was held June 20, 1990, and the Municipal Council deferred action on the application.

On June 21, 1990, the City Clerk notified the applicant, the appellant's attorney, the appellants and objectors that an appeal in this matter would be heard by the Municipal Council at their regular meeting July 11, 1990, at 1:00 P.M., in the Council Chamber, Second Floor, City Hall, Newark.

President Grant stated we will now hear oral argument on the appeal from the decision of the Board of Adjustment In the Matter of Application of Wilbert Ruiz, Applicant, Wilbert and Benigna Ruiz, Owners, to permit in a Second Business and First Industrial Districts, Automobile, Body and Fender Repairs and Spray Painting and with accessory parking conducive to a back-out maneuver onto an arterial street on premises 597-605 Springfield Avenue and 696 South 14th Street. We may hear argument only from the parties to the appeal, that is the person or persons who filed the appeal and the one who was granted the variance. Either party may be represented by an attorney. No testimony will be heard by the Municipal Council, only argument based on the record made before the Board of Adjustment. For the benefit of the parties who are not represented by an attorney, that means that they may state the reasons for their position on the variance and they may point to testimony before the Board to support their position. However, they cannot bring in new testimony or other evidence.

This is the time and place for the appeal to commence.

No one appeared.

Councilman Bradley stated the following:

"On April 25, 1990 the Board of Adjustment by a 6-1 vote granted a variance to permit the establishment of automobile, body and fender repairs and spray painting with accessory parking conducive to a back-out maneuver onto an arterial street, at the premises cited above.

This property is located in a Second Business District.

A hearing was held on the application for the variance by the Board of Adjustment. The applicants Wilberto and Benigna Ruiz were present and testified.

There were thirty-two objectors. Objecting testimony was given by Charles Richardson, Louise Dancy, Debra Lindsay and Douglas Bailey.

After all testimony was presented, the application for the establishment of automobile, body and fender repairs and spray painting with accessory parking conducive to a back-out maneuver onto an arterial sheet, at the premises cited above was approved and the Board of Adjustment adopted a resolution to that effect dated April 25, 1990. The decision was based on the following factual findings:

1. This site is located on the South corner of Springfield Avenue and South 14th Street and is approximately 20,000 feet.

2. The area within a 200 feet radius is composed of vacant lots, residential and business uses and churches.

The Board further determined that the relief requested by the Applicant can be granted without substantially impairing the intent and purpose of the Zone Plan and Zoning Ordinance of the City of Newark based on the following reasons:

1. The applicant produced evidence that parking needs could be accommodated inside the body shop.

2. The new business would produce tax ratables from a property that now provides no tax ratables.

July 11, 1990

3. The business would be in an area where a spray paint booth could safely fit into the areas scheme of business activity.

4. Developing the site fits into the revitalization policy of the City as well as the policy to improve the area in question.

Under present law the Newark City Council, as the governing body, has the authority to make a De Novo review of the record established before the Board of Adjustment and reach it's own decision in this matter, subject only to the requirement that it's findings and conclusions are supported by the record. Kessler v. Bowker, 174 N.J. Super 478 (A.D. 1979). The Council is directly responsible to the citizenry and has the right to apply it's own expertise and knowledge of the community and make a final evaluation based on the record created before the Board of Adjustment. Thus the Council may reverse, remand or affirm, wholly or in part, or may modify the final decision of the Board.

Applying this standard here the Council has reviewed the transcript of the hearing before the Board of Adjustment and makes the following determinations:

1. This Councilman does not support the Board's conclusion granting the requested variance and notes the absence of any evidence of Applicant's hardship in the record before it, see Nash v. Board of Adjustment of Morris township 96 N.J. 97 (1984).

2. Objections to the application were:

a) against putting an auto body shop in an area where it may be an aesthetic, environmental and social detriment.

b) against an increase in parking problems as well as traffic congestion.

c) against the possibility that the applicant will park cars awaiting repairs outside of the body shop building.

d) against the increase in the level of environmental toxins in the area due to spray painting activities.

3. Testimony revealed that the area would not undergo a substantial or radical change if an auto body shop were allowed but it would present a detriment in the minds of the area residents. This is of tantamount importance.

Based on the foregoing reasons I hereby request that this Council reject the variance permitting the establishment of automobile, body and fender repairs and spray painting with accessory parking conducive to a back-out maneuver onto an arterial street, at the premises cited above, was made by Councilman Bradley, seconded by Councilman Tucker and declared adopted by President Grant by the following votes:

Yes: Councilmen Bradley, Branch, Harris, Martinez, Rice, Tucker, Villani, President Grant.

Absent During Roll Call: Councilman Carrino.

At this time a moment of silence was held in memory of the persons who lost their lives in the 1967 rebellion in the City of Newark.

City Clerk Marasco stated Council Member Rice had requested the resolution be amended to incorporate the following letter:

M E M O R A N D U M

TO: Robert P. Marasco, City Clerk
FROM: Ronald L. Rice, West Ward Councilman
DATE: August 3, 1990

I respectfully request the following statement be read into the record at the Tuesday, August, 7, 1990, Special Meeting, re. the City of Newark's conveying West Ward property to H.R. Lambert, Inc.

This is to put the City Council and public on notice that as the West Ward Councilman, after reviewing the proposal submitted by H.R. Lambert, Inc., in reference to the City's conveying certain West Ward City-owned properties 400-406 Central Avenue, 430 Central Avenue, 506 Central Avenue, 516 Central Avenue, 526-528 Central Avenue, 530-532 Central Avenue, 537 Central Avenue, 539 Central Avenue and 500-504 Central Avenue, that I am very much concerned about the successful bidder's financial ability to properly construct and rehabilitate these properties in a reasonable and timely fashion.

A quick glance and review of the principals of this corporation's assets and a review of the request for funding of over \$1 million from the State of New Jersey Balanced Housing Funds and RCA Funds, as well as a request for \$938,000. from the New Jersey Mortgage Finance Agency and Midlantic National Bank would make one wonder if, in fact, this project can commence within the six-month period of time required by local ordinance and be completed in a reasonable period of time.

I am also concerned, although we have an ordinance that gives some degree of protection, that we have the ability to have all these West Ward properties revert back to the City of Newark if the commitments to financing and the commencement of the rehabilitation and construction do not occur within the six-month period of time required by law. This developer has completed one project on Park Avenue in the City of Newark's West Ward, a project which was not in the condition of the ones that he is requesting conveyance of on Central Avenue in the West Ward.

This developer has a building that has been tied up longer than the period of time required by law to fulfill his obligations, and only recently in the last two months or so did the rehabilitation commence. To convey all these properties without the strong protection mechanisms to assure that the rehabilitation and construction will be commenced and completed within the time frame of the law, I am requesting that the Administration and the Law Department only accept the bid with the condition that each individual property will be conveyed with a separate deed and that the developer clearly understands in written, legal language from the Law Department of the City of Newark, that any property that has not had the work commenced in the six-month time frame will revert back to the City of Newark.

My preference is to have this matter to continue to be deferred as per my request as West Ward Councilman until our next regularly scheduled meeting. Individual Members of the Council, at the last public meeting, prior to and after, were made aware that I would be out of the State at a conference for a week, and therefore, will be unavailable to address this matter at a special meeting and thus, unable to argue my case as relates to my concerns and West Ward residents' concerns on the conveying of so many West Ward properties to H.R. Lambert, Inc., whose assets and financial ability to rehabilitate these properties appear insufficient to start and complete these projects over the next 18 months to four years.

My unofficial vote on this Agenda item is no.

STATEMENT

MR. RICHARD SCHOON, PRESIDENT OF THE NEWARK METRO CHAMBER OF COMMERCE, addressed the Members of the Municipal Council urging them to join in a study of the Passaic Valley Sewerage Commission charges and the State and Federal mandates. He noted the tremendous increase in the use charge is causing an undue hardship and burden on industry.

It was the consensus of opinion of the Members of the Municipal Council that the City be a part of the study, noting that the increased charges are a direct result of government mandates.

STATEMENT

An ordinance to increase sewer user rates.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give their name and address and be heard.

MR. RICHARD SCHOON, PRESIDENT OF THE NEWARK METRO CHAMBER OF COMMERCE, addressed the Members of the Municipal Council urging them to join in a study of the Passaic Valley Sewerage Commission charges and the State and Federal mandates. He noted the tremendous increase in the use charge is causing an undue hardship and burden on industry.

It was the consensus of opinion of the Members of the Municipal Council that the City be a part of the study, noting that the increased charges are a direct result of government mandates.
